“It amazed us how many other things we just hadn’t thought of, and how some simple restructuring of what we were already doing literally saved us money without incurring additional costs.

We have now a clear view of how we will get to our goals, and have been impressed with the review process at CFC over the years adjusting things as our situation changes and our family grows. We are also comfortable in our fall-back position if things don’t happen as planned and know that we will be well protected.

We would recommend Paul Gorman and his team to anyone wishing to make the most out of their situation and have peace of mind for their future”
