Hillross has produced a research list, which includes products promoted or issued by AMP companies. A diversified selection of approved fund managers is accessible through investment products on the list. Hillross periodically reviews these products to ensure that they remain competitive with similar products which address similar client needs and objectives. Generally, we recommend products which are on the research list. However, if appropriate for your needs, we may, subject to Hillross' approval, recommend other products.

We can provide you with a copy of the research list if you request.

Accredited Mortgage Consultants of Hillross can recommend loans on the approved products and services list. As at July 2014 the lenders and lessors whose products Accredited Mortgage Consultants authorised by Hillross are most likely to recommend are:

Hillross' relationship with AMP companies

Hillross is a member of the AMP group of companies, a wealth management business operating in Australia and New Zealand. AMP Limited is listed on the Australian Stock Exchange. Hillross is related to the following companies whose products we may recommend to you:

- AMP Bank Limited
- AMP Capital Investors Limited
- AMP Life Limited
- AMP Superannuation Limited
- National Mutual Funds Management Limited
- The National Mutual Life Association of Australasia Limited
- Cavendish Superannuation Pty Ltd
- AMP Capital Funds Management Limited
- Australian Securities Administration Limited
- Multiport Pty Ltd
- Super IQ Pty Ltd (49% interest held by AMP Group)
- ipac asset management limited
- NMMT Limited
- N.M. Superannuation Pty Ltd

If we recommend a product or service issued by an AMP Group company, they will benefit from our recommendation by receiving product, administration and/or investment fees, as well as fees paid by fund managers to distribute their product. These fees are all disclosed in the relevant product disclosure statement or other disclosure document.

AMP companies which issue products may also receive payments from fund managers for the inclusion and distribution of the relevant fund manager's investment options through products manufactured or badged by AMP companies. These services and payments are included in the fees shown in the relevant product disclosure statement for the products.

Authorised representatives and staff may hold shares in AMP Limited, the ultimate holding company of the AMP Group which is listed on the Australian Securities Exchange. The share price of AMP Limited may be affected favourably by the sale of products issued by the product issuers listed in this document.

Experts' Choice Funds and Researcher's Pick Model Portfolios

If you access one of the Experts' Choice Funds, or invest using a Researcher's Pick Model Portfolio, both available through approved platforms, a management fee is charged by companies in the AMP Group and calculated daily. The fee for Experts' Choice funds is not deducted from your investment but is deducted from the assets of each Fund and is reflected in the unit prices. The fee for the Researcher's Pick Model Portfolios is deducted from the platform cash account. A full description of the fees is available in the respective product disclosure statement for your investment.

Hillross' relationships with other companies

Issuers of products do not pay to be included on the research list, however product issuers or service providers that have been selected for inclusion may pay Hillross a fixed annual fee of up to \$88,000 (including GST). This fee assists with the costs of distribution support provided by Hillross and its representatives.

Product issuers may also make payments to Hillross as follows:

- For investment products and loan products, up to 0.33%* pa of funds under administration, the balance of the cash account or the total loan value outstanding.
- For insurance products, up to 10%* of the total premium paid.

* includes GST

The payments are usually made quarterly and are generally less any fixed fee that has been paid. Since this amount is calculated in the future, we cannot provide an exact figure at this point. However as an example, if:

- Total funds under administration for a particular investment product is \$10 million with a nil fixed fee component, the issuer would pay Hillross up to \$33,000 annually.
- Total premiums for insurance products are \$1 million, the insurer would pay Hillross up to \$100,000 annually.

Margin lenders may make payments to Hillross of up to 0.55% pa (including GST) in respect of margin loans calculated on the outstanding balance of a loan. Payments are normally made monthly. As an example, for each \$10,000 of an interest only loan, the payment would be \$55 over a year. However, for other loans, the payments will vary as interest is charged and principal is repaid. Our firm does not receive any part of the payments received by Hillross, although we may indirectly participate in these payments through the Hillross incentive programme referred to later in this Guide.

From time to time, product issuers have access to Hillross and its authorised representatives to advertise or give training on their products. Any payments made by fund managers for advertising space at conferences are shown in the alternative remuneration register maintained by Hillross, which is available for inspection on request. Product issuers may contribute to the cost of attendance of Hillross employees and authorised representatives at certain educational, professional development and other events on a public or restricted basis.

Our firm does not receive any part of the payments received by Hillross.

PortfolioCare Platform

The *PortfolioCare* range of administration services are issued by companies in the AMP Group. These companies have an agreement with Asgard Capital Management Limited (Asgard) under which Asgard

administers the *PortfolioCare* administration services in addition to administration and support services also provided by AMP companies.

If you access a product in the *PortfolioCare* range, then administration and, where applicable, custodial share and trustee fees are deducted from your account. These fees, as set out in the product disclosure statement or IDPS Guide, are paid to Hillross after deduction of expenses for administration and support services described above.

A full description of the fees is in the relevant product disclosure statement or IDPS guide for the relevant service. Our firm does not receive any part of the payments received by Hillross.

Hillross may also qualify for a share of the profit on the life insurance business taken out through the *PortfolioCare* platform. The profit is based on the claims experience for that business and total premiums received. The AMP Group is paid a portion of that profit by the insurer. Half of the amount paid to the AMP Group is paid to Hillross.

These payments are not shared with us although we may indirectly participate in these payments through the Hillross incentive program, which is referred to later in this Guide.

The Personalised Portfolio (PP) platform

The Personalised Portfolio Platform is operated by AMP Capital Investors Limited (AMP Capital). If you invest in the PP platform your fees are payable to AMP Capital. AMP Capital passes a portion of these fees on to other AMP group companies and associates, including:

- Hillross for investment research and platform support services;
- us for any wealth management services provided;
- if you invest in a model portfolio or managed fund managed by AMP Capital or Hillross, they may also receive investment management and performance fees based on your investment in their investment options;
- Australian Securities Administration Limited for the administration services they provide.

Payments made to AMP group companies are generally calculated as a percentage based on the amount of money you have invested in the PP platform or, for any investment management and performance fees, for a particular investment option.

Up to 100% of the administration fees you pay for the PP platform may be notionally allocated to Hillross. The notional allocation may indirectly affect the payments we receive through the Hillross incentive program, which is referred to later in this Guide.

Further details about the fees and costs of investing in the PP platform are detailed in the product disclosure statement for the PP platform.

Definitive Wrap platform

If you access a product through the Definitive platform, which is operated by Macquarie Investment Management Limited (MIML), then the administration fees are deducted from your account within that platform and paid to Hillross. MIML is paid a fee by Hillross for administering this platform. The administration fees are not shared with us although we may indirectly participate in this payment through the Hillross incentive program which is referred to later in this Guide.

Further details about the fees and costs of investing in the Definitive Wrap platform are detailed in the product disclosure statement for the Wrap platform.

6. Paying for the services we provide

Our preferred method of payment is by an agreed fee. We will negotiate and agree fees and payment options with you prior to providing our advice and services. You will therefore know the services to be provided to you and what they will cost, before any services commence. If we agree to charge a specific fee for our credit activities, we will provide you with a quote and gain your acceptance before we proceed. If we are the servicing adviser for your employer, we will agree any advice fee with your employer and disclose this to you.

You may choose to pay fees directly to Hillross or where possible, they may be deducted from your product.

The actual costs will normally be shown in writing to you. You can also ask us for details of other payments or other support services or recognition we receive at any time before implementation is completed.

Our fees

The fees charged for our advice and services may be based on:

- A set dollar amount that is agreed between you and us and invoiced directly to you.
- A set dollar amount or percentage-based fee that is agreed between you and us and paid via your product.
- An hourly rate (refer to our Schedule of fees which is available on request)
- A combination of the above

Our agreed advice fees may include charges for:

- Initial advice
- Ongoing advice

For more information on our service fees, please see our Schedule of Fees attached or available on request. Please note that for services in relation to insurance, banking deposit products, some loan products and older investment products, commissions may be paid by the product provider as follows:

- Initial commission - a percentage of the value of your investment contributions, loan balance or insurance premiums, and
- Ongoing commission - a percentage of the value of your investment balance, outstanding loan amount or premiums, usually calculated at the end of each month in which you hold the investment or loan, or on renewal of insurance products.

For loan products, our commission generally ranges between 0.33% and 1.485% of the initial loan balance and 0% to 0.55% of the outstanding loan balance each year. For example, if your loan balance was \$100,000 we would receive between \$330 and \$1,485 initially and between \$0 and \$550 pa. Please note these commission ranges incorporate all potential commission bonuses (which we may or may not receive) and that lenders can change these commission rates at any time. For details regarding all other potential commissions, please refer to the Schedule of Fees.

For consumer leases, we will charge a brokerage fee between 0% and 4% of the lease amount sought. For example, if you are seeking \$10,000 credit, the cost to you will be between \$0 and \$400.

All fees and commissions will be paid directly to Hillross as the licensee, on our behalf. They may retain a percentage to cover their costs and the balance is passed on to us. The percentage is determined annually, based on a number of factors, including our business revenue for the prior year.

Fixed advice and service costs

We offer the following advice and services on a fixed cost basis:

Description	Fee amount*
-------------	-------------

Description	Fee amount*
Superannuation Consolidation	\$550.00
Insurance Review	\$550.00

*includes GST

Other benefits we may receive

Received from Hillross Financial Services

In addition to the payments we may receive for our advice and services we may receive support services or recognition. These can include financial and training assistance, prizes and awards or events in recognition of financial planning excellence and innovation. Further details will be disclosed to you when applicable.

We may also participate in business lunches or receive corporate promotional merchandise tickets to sporting or cultural events and other similar items.

Hillross recognition program

Short-term reward

We may be eligible for additional payments as a short-term recognition from Hillross, based on the contribution our firm makes to the overall revenues received by Hillross from product issuers. These payments are described in the *Hillross relationships with other companies* section.

It will only be payable if our firm contributes \$150,000 or more in a calendar year to these revenues. The rate of payment begins at 2% of the contribution and increases to a maximum of 26% as the level of our contribution to the Hillross payments increase. The maximum percentage applies where the revenue contribution exceeds \$4 million. For example, if over time the accumulated recommendations our firm has made, including those from this current calendar year, result in Hillross receiving \$150,000 in total revenues from all relevant product issuers, then we will receive \$3,000 as short term reward payments.

Any payments due to us are determined twice a year in arrears at the end of June and December, and payments made three months later. Eligibility in any one period does not automatically mean that we will continue to be eligible for any payments in future periods. These payments are in addition to other payments described in this section, and are not an additional charge to you.

Placement fees

From time to time Hillross will receive fees from brokers or product issuers (including AMP group companies) for arranging client participation in Initial Public Offerings (IPOs) of securities (such as shares and rights issues). The fee, which is generally a percentage of the fee paid to the broker, varies from offer to offer and by the level of participation by Hillross. We may share in this fee based on the level of participation by our clients.

Business buy back option

If we leave the financial services industry, Hillross makes available a facility for its authorised representatives to transfer their clients. If this happens, Hillross may buy back our clients. The facility is subject to certain conditions (such as, reason for sale, time the firm has been operating with Hillross, level of adherence to Hillross compliance requirements and achieving a satisfactory level of customer service), and provides a minimum value for our register of clients. The minimum value is based on a multiple of firm revenue. If at some future time we should look to sell our firm, and we cannot find a willing buyer, Hillross may purchase our clients in these circumstances.

Business conferences

Annual advice summit

The advice summit is an annual event which offers advisers the opportunity for professional development and to hear updates on AMP's thinking about the future of advice. Hillross subsidises the expenses of authorised representatives who wish to attend. This benefit is valued up to \$1,200. This value is approximate, and will ultimately depend upon Hillross choice of location.

Professional education grant

To qualify, an authorised representative's firm must be one of the highest performing Hillross firms and meet certain criteria. The qualifying criteria may vary and is based on the standard of financial planning services we provide, combined with the contribution (which can be financial and/or other measures set by Hillross) that our firm makes to Hillross' overall results and performance. Typically around 30 to 35 firms qualify with the final number being determined by Hillross. Qualifying firms are entitled to receive a reimbursement in professional education expenses. This benefit is valued at up to \$12,000.

Enhanced Study Programs

Hillross rewards individuals who achieve outstanding results over a minimum of 10 years. The qualifying criteria may vary, but they are normally based on the standard of financial planning services we provide, combined with the contribution (which can be financial and/or other measures set by Hillross) that our firm makes to Hillross' overall results and performance.

Benefits include participation in additional study programs within Australia or overseas. The value of the enhanced study programs can amount up to \$10,000 for the authorised representative and is in addition to other benefits received. These values are approximate as they depend on Hillross' choice of location.

Indirect benefits from product issuers

We may receive other advantages from product issuers such as product and service discounts to employees and authorised representatives of the firm as a result of our, or Hillross relationship with these providers.

Any benefits we receive will be disclosed in our written advice.

Both we and Hillross keep a register of non-monetary benefits received. You can see a copy of this register by asking us or Hillross.

We may also participate in business lunches or receive corporate promotional merchandise tickets to sporting or cultural events and other similar items, valued at less than \$300.

These items are in addition to other non-monetary benefits explained elsewhere in this Guide and that may be valued at more than \$300 such as conference attendance.

8. Our services for Managed Discretionary Accounts

We offer limited types of Managed Discretionary Account Services (MDA Services) within approved investment platforms. Through these services, you allow us to manage your investments for you, using our discretion and without obtaining your instructions before each transaction we undertake on your behalf. However, we do not (and we are not authorised to) open new accounts, withdraw funds or contribute funds to your investment.

What are the risks associated with using the MDA service?

By authorising us to make changes to your investments, you cannot claim we were not acting on your behalf if we acted within the authority given. Therefore, our acts bind you. It is important you understand what we are authorised to do and that you carefully read and understand the activities that you are authorising us to do on your behalf.

How can you instruct us to exercise rights relating to the financial products in your portfolio?

Generally, the financial products that we invest in on your behalf do not have any additional rights or entitlements attached to them. However, if there are, we will let you know. You can then instruct us how you wish us to proceed.

Do you have to enter into a contract for us to provide MDA services?

Yes. This MDA contract will set out the terms and conditions of the authority and also the investment program, which sets out how your money will be invested. We will agree and prepare the investment program for you based on your relevant personal circumstances, your financial objectives and your needs and review the program every 12 months.

Will the investment program in the MDA contract comply with the law?

If this is relevant, then the investment program set out in the MDA contract will comply with the law. The relevant law is Division 3 of Part 7.7 of the Corporations Act. The contract will also contain:

- Statements about the nature and scope of the discretions we will be authorised and required to exercise under the MDA contract.
- Any investment strategy that is to be applied in exercising those discretions.
- Information about any significant risks associated with the MDA contract.
- The basis on which we consider the MDA contract to be suitable for you.
- Warnings that the MDA contract may not be suitable to you if you have provided us with limited or inaccurate information. It will also specify that the MDA service may cease to be suitable for you if your relevant personal circumstances change.

Who is responsible for reviewing the investment program?

We are responsible for reviewing your investment program. We will review your investment program at least every 12 months.

Do we provide custodial or depository services for your portfolio?

We do not provide custodial or depository services. This means that you will either hold the investments in the portfolio, or the custodian nominated for that financial product will hold them.

This financial services guide complies with the ASIC Class Order 04/194.
